Red Dot Winner 2020 Exhibition

The Art Students League Presents an Exhibition of Outstanding Student Works

(New York, NY): Eighty-nine students from The Art Students League's Annual Concours Exhibitions received the highest mark by jurors and will present their winning works projects in an on-line exhibition on The Art Students League Website: www.theartstudentsleague.org/exhibition/red-dot-2020

Exhibition Start Date: August 3, 2020

Laurel Nyeboe, *Five More Minutes*

Ever since the annual class *Concours Exhibitions* began at The Art Students League in the early 1900's, every week, one outstanding student work from each exhibiting class has been awarded a "red dot" by a juror. These shows are held on a weekly basis in the League's gallery from January through May each year. The jurors are selected artists and instructors from The Art Students League who make their selection solely based on the quality and accomplishments of the work.

The Red Dot Exhibition presents these awarded works to celebrate the exceptional accomplishments of these students. The tradition of the *concours* (French word meaning "competition" or "contest") express a long-standing commitment to French atelier practices. As these practices were applied in America and specifically at The Art Students League throughout the twentieth century, the function of the concours has shifted. Today the exhibitions retain a significant competitive aspect with red dots being awarded to the strongest works, but the shows have evolved into a community-oriented activity that represents a range of artistic styles.

About The Art Students League of New York:

The League was founded in 1875 by students breaking away from the National Academy of Design. That independent spirit remains at The League today, where students pursue their work unconstrained by dogma, politics or burdensome tuition. We educate students in the language and process of making art in an environment where anyone who wishes to pursue arts education can realize his or her full potential. The League fulfills this mission by offering affordable, high-quality education and instruction in painting, drawing, printmaking, sculpture and assemblage. Artists who have studied at the League include Georgia O'Keeffe, Norman Rockwell, Jackson Pollock, Robert Rauschenberg, Louise Bourgeois, Alexander Calder, James Rosenquist and Ai-Weiwei, among others. www.theartstudentsleague.org
